

VERMILION PARISH NO-COST ENERGY ASSESSMENTS

An energy audit/assessment is an in-depth, outside to inside, room-by-room examination of your business' current energy efficiency levels and usage practices.

A customized plan can be developed focusing on cost-effective solutions for maximizing functionality and efficiency while minimizing your business' energy usage and expenses.

*All energy assessments will be conducted in partnership with UL Lafayette's Energy Efficiency and Sustainable Energy Center

SAVE MONEY. IMPROVE SAFETY. INCREASE COMFORT. PROVIDE PROTECTION.

RURAL BUSINESS & AG PRODUCERS

USDA REAP:

Ag producers: no location restriction; 51%+ of income from agricultural activities
